

Bank of America is Bad for America

PETITION

Bank of America is full of crooks. They've robo-signed mortgage paperwork, illegally foreclosed on homes, and tried to bilk every last nickel and dime out of their customers. If Bank of America goes off the deep end one more time, then we should throw them a boat anchor and let them go under! Bank of America is *bad for America*, and we shouldn't give one more dime to Bank of America.
